Summary

Motivated Software Engineering undergraduate specializing in **Flutter** mobile development with a solid background in **MERN-stack** web technologies. Experienced in developing scalable applications, implementing real-time features, and applying clean architecture and modern UI/UX practices, with a personal interest in game development.

Education

Damascus University Expected Graduation: 2028

Software Engineering (Undergraduate).

Training & Certification

MERN Stack developer | Bytes4Future Program | Aga Khan Foundation - Damascus (Aug 2025 - Dec 2025).

Technical Skills

- Mobile Development: Flutter, Dart, GetX, Bloc.
- Web Development: HTML5, CSS3, React.js, Tailwind.
- Backend Development: Node.js, Express.js, MongoDB.
- Version Control: Git & GitHub.
- Programming Languages: C#, JavaScript, TypeScript, Dart.
- Additional Knowledge: React Native, Unity, Three.js, C++.

Projects

1. Easy Rent – Real Estate Listing & Rental Platform.

GitHub: <https://github.com/Dada6x/easyrent>.

- Cross-platform Flutter app for property listing and rentals.
- Advanced filtering, map integration, and 360° panoramic views.
- Stripe-based subscriptions and secure payment handling.
- Clean architecture, responsive UI, animations, and offline access.

2. Monumental Habits – Habit Tracker App

GitHub: <https://github.com/Dada6x/Monumental-habits..>

- Calendar-based habit tracking with progress visualization.
- Reminders, motivational quotes, and analytics.
- MVP architecture with structured state management.

3. Checkmate – Real-Time Multiplayer Chess Game.

GitHub: <https://github.com/Dada6x/MultiPlayer-Chess-Game.>

- Real-time multiplayer chess with live board synchronization.
- Matchmaking and game room management.
- Turn-based game logic with move validation.
- Optimized for low latency and smooth animations.

4. Event Management – Backend.

GitHub: <https://github.com/Dada6x/Event-Mangment-Backend.>

- REST API using Node.js, Express, MongoDB.
- JWT authentication with role-based access.
- Event & venue management with approval flow.

Languages

- Arabic: Native
- English: B2
